Cherokee/Scotland

storm drainage improvement project

your storm water fees at work

October 2012

Dear Resident:

Charlotte-Mecklenburg Storm Water Services continues to work on the Cherokee/Scotland Storm Drainage Improvement Project. Staff is in the final stages of acquiring outstanding construction easements and required permits. The City requests easements be donated to provide access to your property to make the recommended improvements and provide future maintenance. Final design plans will be received next month.

For more information about this project, please visit our website at: **http://stormwater.charmeck.org** Click on ***Storm Water Projects*** dropdown menu in the green bar, then ***Active Projects*** and ***Cherokee/ Scotland***.

If you have any questions, please contact Project Manager Jackie Bray at jbray@charlottenc.gov or 704-336-6770.

Clogged storm drains can cause street flooding.

BEFORE it rains, remove trash, leaves and other debris from storm drains near your home.
