August 2015

Charlotte-Mecklenburg STORM WATER Services

## OUR COMMITMENT TO YOU

Our goal is to minimize the impact of any construction. The designers of this project have taken great care to develop a construction plan that will minimize inconveniences to you. However, the very nature of this work often makes it necessary to temporarily reduce or detour traffic flow and close streets. We will help you locate parking if your driveway is blocked temporarily.

## HEAVY CONSTRUCTION EQUIPMENT

This kind of work uses heavy construction vehicles, including dump trucks, concrete trucks, and earth moving and trenching equipment, all of which are quite loud during operations. The contractor may keep equipment within the work area for the duration of the project.

## OPEN HOLES AND TRENCHES

If it is necessary to maintain an open hole or trench, the contractor is required to make the area safe with fences, barricades, or other methods. Please be cautious as you enter and exit your property.

# Peterson Drive Storm Drainage Improvement Project

Peterson Drive Storm Drainage Improvement Project

City Council awarded Sealand Contractors Corporation the construction contract on June 22nd. Construction is scheduled to start in September and last approximately eight months.

Some common concerns regarding construction are listed on the flip side of this postcard. Please take a few moments to read this information to understand the temporary disruptions associated with drainage repair projects.

For questions, please contact one of the following team members:

**On-site Construction Inspector:**
David Allman: 704-591-3529
E-mail: dallman@charlottenc.gov

**Construction Supervisor:**
Jamie Collins: 704-432-0594
E-mail: jcollins@charlottenc.gov

**Project Manager:**
Brant Smiley: 704-432-2147
E-mail: bsmiley@charlottenc.gov
