INVOCATION.

The invocation was given by Councilman Claude L. Albea.

MINUTES APPROVED.

Upon motion of Councilman Wilkinson, seconded by Councilwoman Evans, and unanimously carried, the Minutes of the last meeting on October 23, 1957 were approved as submitted.

ORDINANCE NO. 412 AMENDING CHAPTER 21, ARTICLE II, SECTION 5 OF THE CITY CODE, AMENDING THE BUILDING ZONE MAP OF CHARLOTTE PERIMETER AREA BY CHANGING PROPERTY LOCATED AT THE SOUTHEAST CORNER OF EASTWAY DRIVE AND SHAMROCK ROAD, FROM R-2 TO B-1, ADOPTED.

Upon motion of Councilman Baxter, seconded by Councilman Brown, and unanimously carried, Ordinance No. 412 Amending Chapter 21, Article II, Section 5 of the City Code, was adopted, amending the Building Zone Map of the Charlotte Perimeter Area by changing property located at the southeast corner of Eastway Drive and Shamrock Road, from R-2 to B-1 on petition of McArn and Gwynn Company, by the following vote:

YEAS: Council members Baxter, Brown, Dellinger, Foard and Wilkinson.
NAYS: Council members Evans and Albea.

The ordinance is recorded in full in Ordinance Book 12, at Page 197.

OPENING OF PIERCE STREET, FROM WAVERLY AVENUE TO LATTI PARK WITH POWELL BILL FUNDS ADDED TO LIST OF STREETS FOR IMPROVEMENTS.

Mr. Robert Potter, Attorney for Saint Patrick Catholic Church, appeared before Council in connection with the opening of Pierce Street, from Waverly Avenue to Latta Park, which has been pending for sometime. He advised the Council that the objections to the opening by residents of the area have been withdrawn and the legal entanglement as to title to the property has been settled and there is no court action pending. This statement was substantiated by Mr. John D. Shaw, City Attorney.

Mr. Yancey, City Manager, advised that the estimated cost to the City for opening the street is \$1,900.00, and it was previously determined by the Council that funds should be allocated from Powell Bill Funds.

Councilman Baxter moved that the request be approved and Pierce Street opening be added to the list of Streets for Improvements, contingent upon the street being put in proper condition, and that the work be paid from Powell Bill Funds. The motion was seconded by Councilwoman Evans, and unanimously carried.

PROPONENTS TO PROPOSED WIDENING OF MORNINGSIDE DRIVE URGE COUNCIL TO CARRY OUT PROJECT AS SOON AS POSSIBLE AND NOT BE INFLUENCED BY MINORITY OPPOSITION.

Mr. O. W. Clayton, 1422 Morningside Drive, was spokesman for a delegation of 25 residents of the street favoring the proposed widening of Morningside Drive, and stated they understood a minority group of residents of the street would appear before Council today to request that the street not be widened. He asked that the Council stand by their decision at the Council Meeting on October 16th to widen the street. He enumerated the several reasons why the project should be completed; that traffic has and will continue to increase on the street whether or not it is widened and the drainage condition on the street keeps it rough and the shoulders soft, and the widening with curb and gutter would eliminate this; also, that it has been established on other streets that where a street is definitely defined, injury to children is lessened in that they know the restricted boundaries of their yards.

Mr. Clayton was assured that the widening program would be carried through.

CONSTRUCTION OF SANITARY SEWER IN ELLSWORTH ROAD, TO CONNECT WITH THE CITY'S SEWER LINE, AUTHORIZED.

Councilman Baxter stated that a few weeks ago Hayes Construction Company requested the construction of a sanitary sewer in Faulkner Place from Ashworth Road to Ellsworth Road, then along Ellsworth Road to Ridgecrest Avenue, then along Ridgecrest Avenue to near McAlway Road, located in the perimeter area to be annexed in 1960, and the question of the legality of such construction arose. That Mr. Hayes has purchased the 8-inch sewer line commencing at the city limits and running with various courses to the intersection of Faulkner Place and Ashworth Road from Mr. James O. Cobb, and has deeded the line to the City, which deed was submitted at this time by Councilman Baxter, which removes the question of the legality of the transaction. This statement was substantiated by the City Attorney.

Councilman Baxter then moved that an 8-inch sanitary sewer line be constructed in Faulkner Place from Ashworth Road to Ellsworth Road, then along Ellsworth Road to Ridgecrest Avenue, then along Ridgecrest Avenue to near McAlway Road, to connect with the city owned sewer line, at an estimated cost of \$5,155.00, and that the said amount be appropriated from the Emergency Fund. The motion was seconded by Councilman Foard.

Councilman Dellinger stated that since Mr. Hayes is Councilman Baxter's son-in-law, he does not want anyone to think the City Council is doing something just to favor a member of the Council. That he has had several people in the Ellsworth Avenue area contact him urging that the sewer line be constructed due to the great trouble they are having with septic tanks, and therefore, the line will serve a large number of persons and other Contractors. Councilman Baxter stated that it will definitely serve fourteen property owners in the area, and there may be others.

Councilman Albea stated it looks like the Council is setting a precedent, and since he is confused about the whole matter, he will have to oppose it.

The vote was then taken on the motion, and carried, with the following votes cast:

YEAS: Council members Baxter, Brown, Dellinger, Evans, Foard and Wilkinson.
NAYS: Councilman Albea.

Councilman Brown moved that Council action on October 9, 1957 closing city owned cemeteries to burials on Sunday be rescinded. The motion was seconded by Councilman Dellinger, and unanimously carried.

Councilman Baxter stated the reason for this action is that the Council was misinformed on October 9th by the spokesman for the delegation requesting the closing of the city's cemeteries, in that he stated that the closing of all cemeteries to Sunday burials was by the unanimous request of the Florist, Ministerial and Morticians organizations. Councilwoman Evans and Councilmen Brown and Foard each stated this was their understanding also.
