Mayor Clodfelter referred the topic of HOT lanes to the Committee. Specifically, he is asking for a report back to Council in November covering topics such as history, purposes, goals, and roles. At this meeting, staff will describe the HOT Lanes projects programmed for US 74, I-485 (South), and I-77 (Independence Boulevard). Staff will also explain how these and other projects in these corridors support the City's land use and transportation goals. This is part two of three HOT Lanes discussions with the Committee.
