**SUBJECT: Week 26 State Legislative Report**

---

**HOT TOPICS**

Charlotte Douglas International Airport Commission Act (Substitute SB 380 – Samuelson) transfers control of the Charlotte Douglas International Airport from the City of Charlotte to a commission; City Council adopted resolution on 6/10 states that: (1) City supports airport governance structure that maintains CLT's best performing and lowest cost status, regardless of whether it is a city department, authority or some other model, (2) directs City Manager to fully evaluate and implement best practices for airport finances, contracts, procurement, human resources, and public safety, and to work with all stakeholders, including legislators, in undertaking these evaluations, and (3) unambiguously states that it would vigorously resist any outside, unilateral changes that threaten the airport's performance and cost status; passed House and Senate 7/26; City opposes SB 353 due to unilateral change it imposes

State Budget (SB 402 – Brunstetter) for FY 2014 and FY 2015 conference report passed Senate and House 7/24; sent to Governor

**DEVELOPING ISSUES**

Regulatory Reform Act of 2013 (HB 74 – Murry) is synthesis of HB 94 (Amends Environmental Laws), SB 112 (Create Jobs Through Regulatory Reform Act) and SB 612 (Regulatory Reform Act of 2013); passed Senate and House 7/26

Zoning/Design & Aesthetic Controls (HB 150 – Dollar) restricts use of design standards by counties and cities for any residential dwelling subject to the NC Residential Code for One and Two Family Dwellings; passed House and reported out of Senate Rules but was re-referred back to Committee from the floor; City opposes HB 150; eligible for consideration in 2014 regular session

Rental Property Ordinances (HB 773 – W. Brawley) repeals several provisions of legislation passed in 2011 that became basis for 2012 changes to Charlotte rental property ordinance; bill prohibits mandatory registration of all rental properties which makes it nearly impossible to notify property owners and landlords of crimes committed on their properties, which the bill also requires; there are at least ten other NC towns and cities that have rental program impacted by HB 773; passed House and referred to Senate Commerce; City opposes HB 773; not acted upon; eligible for consideration in 2014 regular session

## LEGISLATIVE AGENDA

Public Transportation Buses (HB 375 – Jeter) allows buses owned and operated by the City of Charlotte that are 46 to 60 feet in length to be operated primarily on roadways with speed limits over 45 miles per hour; passed House 4/10; referred to Senate Rules; not acted upon; eligible for consideration in 2014 regular session

Infrastructure Improvements (SB 103 – Hartsell) extends sunset date of the Special Assessments for Critical Infrastructure Needs Act of 2008 by two years to July 1, 2015, which is needed for continued examination of Red Line Regional Rail project; concurred by Senate 7/24 and sent to Governor
