

Oneida Road Sidewalk Project

Project Update

The design phase is underway on the Oneida Road Sidewalk Project. This project is part of the City's Sidewalk Program to enhance connectivity, offer transportation choices and improve pedestrian safety.

See reverse for project details.

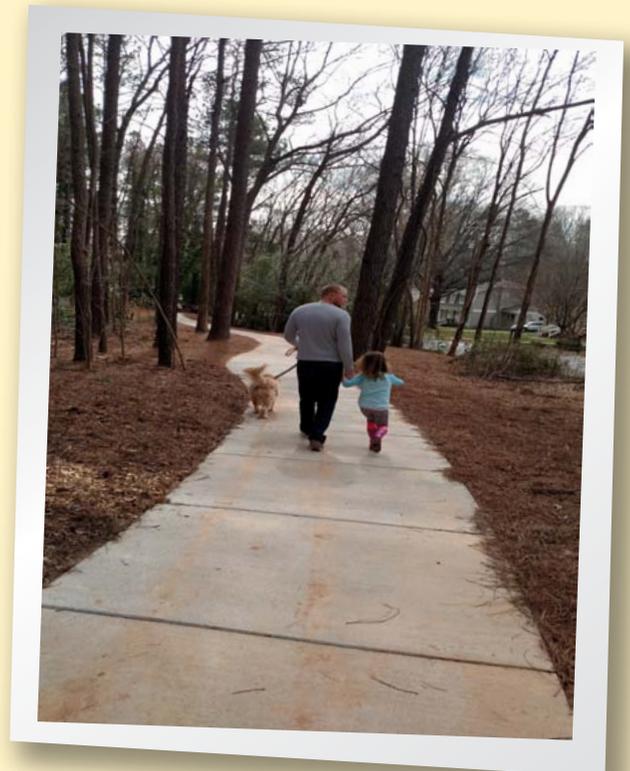

Oneida Road Sidewalk Project

Project Update

The design phase is underway on the Oneida Road Sidewalk Project. This project is part of the City's Sidewalk Program to enhance connectivity, offer transportation choices and improve pedestrian safety.

See reverse for project details.

Oneida Road Sidewalk Project

The Oneida Road Sidewalk project will improve connectivity and pedestrian safety along Oneida Road near the Norfolk Southern railroad crossing from Graham Street to the Mt. Vernon Missionary Baptist Church entrance.

Improvements will include sidewalk, planting strips, storm drainage improvements, bus pads and ADA ramps (all where applicable). This project is funded by Charlotte's Sidewalk and Pedestrian Safety Program. Projects within that program are prioritized according to the City Council-adopted Sidewalk Retrofit Policy. The project team will begin the initial stages of gathering survey data for preliminary design in the near future.

We will continue to update you as we advance the project!
