

REAL ESTATE AND UTILITY RELOCATION PHASE

NEIGHBORHOOD *update*

EAST FOREST NEIGHBORHOOD PHASE 2

APRIL 2013

East Forest Neighborhood Improvement Project Phase 2

**For more information on this project, please
contact: Kristie Kennedy, E&PM Project Manager
704-336-6194 or kkennedy@charlottenc.gov**

The real estate phase began in March and will continue through October. During this phase, a real estate agent will contact you if your property is impacted by the project. The real estate agent may request temporary construction easements, sidewalk utility easements and/or storm drainage easements necessary for construction. The bid phase will begin after real estate acquisition is complete.

This project will include sidewalks along Bainbridge Road, Melba Drive, Forest Way Drive and portions of Vista Drive, Knickerbocker Drive and Old Post Road. New catch basins and storm drainage piping will be added in a few locations in the roadway of Coatbridge Lane, McLaughlin Drive, Old Post Road and Beechdale Drive. A detention pond will be constructed at 6931 Old Post Road and the stream leading into the pond will be restored (cleaned and re-graded for better drainage into the pond).
