Howie Acres Neighborhood

Construction will soon be underway in the Howie Acres Neighborhood!

We are pleased to announce construction will begin February 4, 2008 on Phase I of the Howie Acres Neighborhood Improvement Project. Streets included in Phase I are Bearwood Avenue, Redwood Avenue and Trembeth Drive only.

Construction will begin first on Bearwood Avenue than proceed to Redwood Avenue and Trembeth Drive. Construction is expected to last 180 days and be complete in August. The contractor performing the work is Ferebee Corporation.

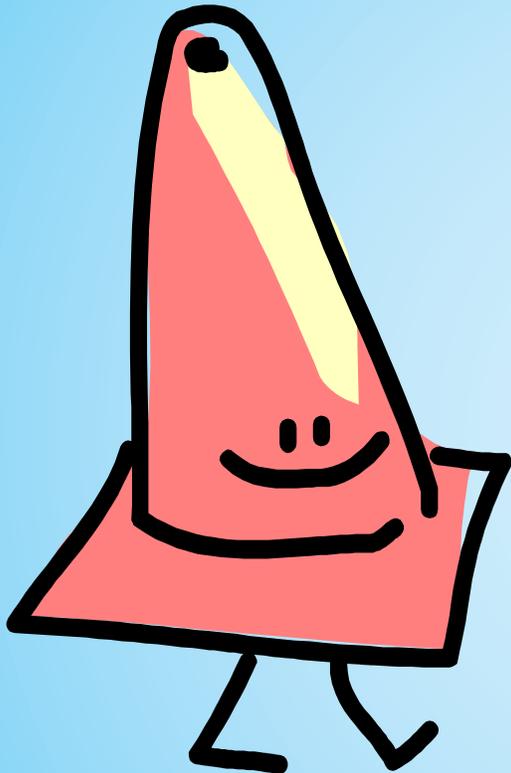

Our goal is to minimize the impact of construction on citizens. However, because the nature of this work can be dusty, noisy and generally disruptive, we appreciate your patience as we make improvements to your neighborhood.

For more information on this project, please contact the Engineering & Property Management Project Manager Andy Babson at 704-336-4333, ababson@ci.charlotte.nc.us or the Engineering & Property Management Project Inspector Grant Crago at 704-336-3639 or gcrago@ci.charlotte.nc.us.

From stream preservation and public landscaping to new sidewalks and the NASCAR Hall of Fame, Engineering & Property Management is building value for Charlotte. We manage property and projects that help make Charlotte a great place to live, work and play.
