City staff has completed the design plans for improvements in the Howie Acres Neighborhood and the real estate phase will soon begin.

During this phase, City real estate representatives work with property owners to acquire temporary and permanent easements necessary for construction. We anticipate the real estate phase completing in September 2012 with the bid phase beginning following the completion of the real estate acquisition.

This project will include the construction of sidewalk, curb and gutter and storm drainage improvements on Dinglewood Avenue and Howie Circle.

For more information regarding this project, visit the project website, epm.charmeck.org, click on **Neighborhood Projects** and **Howie Acres Neighborhood**.
