

Providence Road Sidewalk Project

Building Value for Charlotte

Design is complete and real estate acquisition is underway. This project is part of the City's Sidewalk Program to enhance connectivity, offer transportation choices and improve pedestrian safety.

The Project Team will make every effort to minimize the impact of construction. We appreciate your patience.

Building Value for Charlotte

Design is complete and real estate acquisition is underway. This project is part of the City's Sidewalk Program to enhance connectivity, offer transportation choices and improve pedestrian safety.

The Project Team will make every effort to minimize the impact of construction. We appreciate your patience.

March 2016

Providence Road Sidewalk Project

The design phase is complete and real estate acquisition is underway. During this phase, City real estate representatives work with property owners to acquire easements necessary for construction.

Most of the work for Providence Road will be performed within the City's right-of-way, however a City real estate representative will contact you if additional easements are necessary. This project will install sidewalk along Providence Road from Providence Village Lane to East Barden Road.

Planting strips, pedestrian improvements, high visibility cross walks, landscaping and storm drainage improvements (where applicable) may also be included as part of the project.

The team will continue to keep you informed on the status of this project. Thank you in advance for your patience and support.

For more information on this project, please contact:

Sonji Mosley, E&PM Senior Project Manager
704-336-3214 or smosley@charlottenc.gov
