

Woodfox Drive/Rounding Run Road Sidewalk Project

Building Value for Charlotte

Due to expedited bid and real estate phases, the City is able to begin construction earlier than previously scheduled. Construction will begin by mid-June on the Woodfox Drive/Rounding Run Road Sidewalk Project. This project is part of the City's Sidewalk Program to enhance connectivity, offer transportation choices and improve pedestrian safety.

Woodfox Drive/Rounding Run Road Sidewalk Project

Construction will begin in mid-June on the Woodfox Drive/Rounding Run Road Sidewalk Project. City staff, along with the contractor Blythe Development, will make every effort to minimize the impact of construction. During the next several weeks City survey crews will begin flagging property corners in the right-of-way.

This project will install sidewalk along the south side of Woodfox Drive from Strawberry Lane to Rounding Run Road and the north side of Rounding Run Road from Woodfox Drive to Raintree Lane. The project will include a 5-foot-wide sidewalk and typically a 4-foot-wide planting strip. The width will vary where there are constraints, which may include large trees, retaining walls, grade changes or utilities.

We will continue to keep you informed on the status of the project.

For more information, please contact:

Keith Bryant, P.E., Project Manager
