

Alanhurst/Cherrycrest

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

July 2013

Dear Resident,

The Project Team is reviewing alternatives, choosing the preferred design for the Alanhurst/Cherrycrest Storm Drainage Improvement Project.

A public meeting will be held this fall to present the recommended improvements. We will notify you at least two weeks in advance of the time and place. The final planning report will then be compiled, after which the project team will set the target schedule for design and construction phases.

For more information about this project please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Alanhurst/Cherrycrest**.

If you have any questions, please contact Project Manager Danée McGee at dmcgee@charlottenc.gov or 704-336-4102.
