

Alanhurst/Cherrycrest

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

March 2013

Dear Resident,

The Project Team has started the alternative selection process for the Alanhurst/Cherrycrest Storm Drainage Improvement Project. During this process a preferred design alternative is selected for the construction documents. Once the selection process is complete, the City will hold a public meeting to present the design alternative. We will notify you a few weeks in advance of the meeting.

For more information about this project please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Alanhurst/Cherrycrest**.

If you have any questions, please contact Project Manager Danée McGee at dmcgee@charlottenc.gov or 704-336-4102.

Be a Water Watcher:
Call 311 to report misuse of storm drains or unusual creek conditions.

Join us on Facebook at www.facebook.com/waterwatchers.

CHARLOTTE

Engineering & Property Management
Storm Water Services Division
600 East Fourth Street
Charlotte, North Carolina 28202

**Let's work together to protect
Charlotte's valuable water sources.**

 **waterwatchers**

are Charlotte-Mecklenburg residents **just like you** who report instances of...

- Unusual creek conditions: *odd smells, color changes, dead fish or foam*
- Improper dumping of substances into storm drains: *grease, trash, paint or other pollution*
- Poorly stored chemicals, sewage overflows, erosion from construction sites or broken pipes

Keep our area waterways clean by calling 311 or
visiting stormwater.charmeck.org to report conditions.
