

Alanhurst/Cherrycrest

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Additional survey information is needed to complete the design plans for the Alanhurst/Cherrycrest Storm Drainage Improvement Project. Charlotte-Mecklenburg Storm Water Services has hired engineering consultant WK Dickson and their subconsultants, Taylor Wiseman Taylor and Southeast Geomatics Group to perform the work.

Representatives from the Project Team may need to enter your property to collect survey data on the existing storm drainage system. While State law

authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed.

For more information about this project, please visit our website at stormwater.charmeck.org and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects** and **Alanhurst/Cherrycrest**.

If you have any questions, please contact Project Manager Danee McGee at dmcgee@charlottenc.gov or 704-336-4102.
