

Alanhurst/Cherrycrest

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

November 2012

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and WK Dickson continue to work through the planning phase of the Alanhurst-Cherrycrest Storm Drainage Improvement Project. WK Dickson is finalizing the reports. Once complete, staff can review different alternatives to address the drainage issues and concerns in the neighborhood.

For more information about this project please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Alanhurst/Cherrycrest**.

Please note this project has transferred to Project Manager Danée McGee. If you have any questions, please contact her at dmcgee@charlottenc.gov or 704-336-4102.

Maintain Your Drain

Clogged storm drains can cause street flooding.

BEFORE it rains, remove trash, leaves and other debris from storm drains near your home.
