

September 2015

Construction continues on Brentwood Place Phase I. Work within the railroad right-of-way is scheduled to begin this fall.

Construction continues for Phase II. Storm drainage improvements at Bethel Road have been installed. The Contractor is working to complete the storm drainage

improvements along Greenland Avenue and Highland Street.

Partial and full road closures will be required for the installation of storm drainage improvements along Greenland Avenue and Highland Street.

Temporary construction traffic

signage will direct motorists around the construction work zones. Detour signage will be provided during full road closures.
