

# Cedars East

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

July 2010

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and engineering consultant, STV/Ralph Whitehead Associates, are progressing with the planning phase of the Cedars East Storm Drainage Improvement Project. The project area is located between the Arcadian Village Apartments (formerly Idlewild apartments) at the intersection of Idlewild Drive and Cedars East Court, just east of Independence Boulevard and the culvert under Amity Place.

We are currently reviewing customer complaints, questionnaire responses and storm water models of

the existing storm drainage infrastructure to determine the problem areas. We will use this information to plan solution alternatives to address the problems.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects, Storm Water Projects** again, then **Cedars East**.

If you have any questions about this project, please contact Project Manager Matthew Anderson at [manderson@charlottenc.gov](mailto:manderson@charlottenc.gov) or 704-336-7923.

**Anywhere it rains,  
it can flood.**

Pay attention to flood watches and warnings.

Be ready to move to higher ground.

Buy flood insurance.

Don't walk or drive through flood water.

**The risk is real.  
Be prepared.**
