storm drainage improvement project

YOUR STORM WATER FEES AT WORK

March 2014

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and engineering consultant, STV/Ralph Whitehead Associates, are designing the improvements for the Cedars East Storm Drainage Improvement Project. The project area is located between the Arcadian Village Apartments (formerly Idlewild Apartments) at the intersection of Idlewild Drive and Cedars East Court, just east of Independence Boulevard and the culvert under Amity Place.

Additional survey and geotechnical investigations to support the design efforts have been completed and preliminary design of the infrastructure improvements

are underway. Once the preliminary design is completed, it will be shared with residents at a public meeting.
