

Cedars East

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

November 2014

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and engineering consultant, STV/Ralph Whitehead Associates, are designing the improvements for the Cedars East Storm Drainage Improvement Project. The project area is located between the Arcadian Village Apartments (formerly Idlewild Apartments) at the intersection of Idlewild Drive and Cedars East Court, just east of Independence Boulevard and the culvert under Amity Place.

STV is preparing the revisions to the preliminary design plans to be shared at a future public meeting.

The utility company revision comments are behind schedule resulting in a delay for plans being resubmitted.

For more information about this project, please visit our website at stormwater.charmeck.org and click on **Storm Water Projects** dropdown menu in the green bar, then Active Projects and **Cedars East**.

If you have any questions, please contact Project Manager Matthew Anderson at 704-336-7923 or manderson@charlottenc.gov.
