

Chandworth

storm drainage improvement project

your storm water fees at work

February 2015

Dear Resident:

Charlotte-Mecklenburg Storm Water Services continues to work on the Chandworth Storm Drainage Improvement Project. Dewberry staff is preparing drainage easement plats for City staff to review. A storm drainage easement is a legal document which allows for both access during construction and future maintenance. Once complete, we plan to hold a public meeting to kick off the real estate phase.

Project managers work very hard to keep project costs down, including easement costs. The City requests that easements be donated to provide access to your property

to make the recommended improvements and provide future maintenance. Continued support and cooperation is greatly appreciated.

For more information about this project, please visit our website stormwater.charmeck.org and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Chandworth**.

If you have any questions, please contact Project Manager Jackie Bray at jbray@charlottenc.gov or 704-336-6770.
