

Chatham

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

June 2012

Dear Resident,

Charlotte-Mecklenburg Storm Water Services has hired consultant Kimley Horn and Associates and their surveyor James Mauney & Associates to study possible improvements to the storm drainage system in the Chatham project area.

Representatives from the Project Team may need to enter your property to collect survey data on the existing storm drainage system. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed. The survey work is scheduled to begin in July.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Chatham**.

If you have any questions, please contact Project Manager Matthew Anderson at 704-336-7923 or manderson@charlottenc.gov.
