

Cherokee/Scotland

storm drainage improvement project

your storm water fees at work

June 2012

Dear Resident:

Charlotte-Mecklenburg Storm Water Services continues to work on the Cherokee/Scotland Storm Drainage Improvement Project. Staff is in the final stages of acquiring construction easements and required permits.

For more information about this project, please visit our website at: <http://stormwater.charmeck.org> Click on **Storm Water Projects** dropdown menu in the green bar, then **Active Projects** and **Cherokee/Scotland**.

If you have any questions, please contact Project Manager Jackie Bray at jbray@charlottenc.gov or 704-336-6770.

Engineering & Property Management
Storm Water Services Division
600 East Fourth Street
Charlotte, North Carolina 28202

Did you know?

- The top two pollutants in Charlotte creeks are sediment and bacteria.
- The best way to control erosion is to plant something. Nothing holds soil in place better than plant roots.
- Soil testing in North Carolina is free. Take the guesswork out of fertilizer and lime purchases.
- Charlotte receives more rain than Seattle.
- Creeks start in Charlotte and flow downstream out of the County.
