stream restoration project

YOUR STORM WATER FEES AT WORK

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and new engineer consultant, Stantec Consulting Services Inc., are meeting with Colonial Pipeline to coordinate the stream restoration project and indicate project impact limits. The Project Team is working to minimize project impacts due to access and easements, as well as address security and operational concerns.

The project goal is to improve water and environmental quality by restoring the primary stream from the Colonial Pipeline Pond to Gum Branch to a more natural and functional state. The project also includes improvements to the Colonial Pipeline Pond that will help maximize the water quality benefits of the project.

For more information about Charlotte-Mecklenburg Storm Water Services and stream restoration, please visit our website at [stormwater.charmeck.org](http://stormwater.charmeck.org).

If you have any questions about this project, please contact Project Manager Matthew Anderson at 704-336-7923 or [manderson@charlottenc.gov](mailto:manderson@charlottenc.gov).

**Water Pollution...  
Be part of the  
solution!**

The Water Watchers app makes it easier than ever for citizens to report pollution on the go

For more information visit [StormWater.CharMeck.org](http://StormWater.CharMeck.org)

The advertisement features a smartphone displaying the "Water Watchers" app interface. The app screen shows the Charlotte-Mecklenburg Storm Water Services logo and several menu options: "Report Water Pollution", "Submit Stream Clean-up Report", "Submit Monitoring Report", "Facebook", and "Weather". At the bottom of the app screen are icons for "Main", "Report Issue", "My Reports", and "Contact Us". The background of the advertisement is a collage of images related to water pollution, including a pipe discharging water, a polluted stream, and a close-up of water with debris.
