

Gaynor

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

May 2013

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and consulting engineer, Armstrong Glen, continue with the design and real estate phases of the Gaynor Storm Drainage Improvement Project. City's real estate staff continues to work with citizens and businesses where construction easements are required.

The City requests that easements be donated to provide access to your property to make the recommended improvements and provide future maintenance.

For more information about this project, please visit our website <http://stormwater.charmeck.org> and click on **Storm Water Projects, Active Projects**, then **Gaynor**.

Please note this project has transferred to Project Manger Jackie Bray. If you have any questions, please contact her at jbray@charlottenc.gov or 704-336-6770.

Be a Water Watcher:
Call 311 to report misuse of storm drains or unusual creek conditions.

Join us on Facebook at www.facebook.com/waterwatchers.

CHARLOTTE

Engineering & Property Management
Storm Water Services Division
600 East Fourth Street
Charlotte, North Carolina 28202

Let's work together to protect Charlotte's valuable water sources.

waterwatchers
are Charlotte-Mecklenburg residents just like you who report instances of...

- Unusual creek conditions: *odd smells, color changes, dead fish or foam*
- Improper dumping of substances into storm drains: *grease, trash, paint or other pollution*
- Poorly stored chemicals, sewage overflows, erosion from construction sites or broken pipes

Keep our area waterways clean by calling 311 or visiting stormwater.charmeck.org to report conditions.
