

WHAT TO EXPECT DURING CONSTRUCTION

OUR COMMITMENT TO YOU

Our goal is to minimize the impact of any construction. The designers of this project have taken great care to develop a construction plan that will minimize inconveniences to you. However, the very nature of this work often makes it necessary to temporarily reduce or detour traffic flow and close streets. We will help you locate parking if your driveway is blocked temporarily.

HEAVY CONSTRUCTION EQUIPMENT

This kind of work uses heavy construction vehicles, including dump trucks, concrete trucks, and earth moving and trenching equipment, all of which are quite loud during operations. The contractor may keep equipment within

the work area for the duration of the project.

OPEN HOLES AND TRENCHES

If it is necessary to maintain an open hole or trench, the contractor is required to make the area safe with fences, barricades, or other methods. Please be cautious as you enter and exit your property.

Gaynor storm drainage improvement project

Dear Resident:

Charlotte-Mecklenburg Storm Water Services is ready to begin the construction phase of the Gaynor Storm Drainage Improvement Project. Sealand Contractors Corp. was awarded the contract on April 13. Construction is expected to begin mid-June.

Some common concerns regarding construction are listed on the flip side of this postcard. Please take a few moments to read this information to understand the temporary disruptions associated with drainage repair projects.

For more information, please visit stormwater.charmeck.org. If you have any questions, please contact one of the project team members:

Construction Inspector:

Scott Ackerman: 980-721-3653
Email: sackerman@charlottenc.gov

Construction Supervisor:

Jamie Knight: 704-400-2019
Email: jrknight@charlottenc.gov

Project Manager:

Jackie Bray: 704-336-6770
Email: jbray@charlottenc.gov

A construction inspector will be on site daily to address any questions or concerns. Please note that efforts are taken to minimize disruption to nearby property owners.
