

Hampton Avenue

storm drainage improvement project

your storm water fees at work

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and new consultant WK Dickson & Associates are revising the project preliminary design. The plan is expected to be complete this spring. A public meeting will then be held for residents to provide feedback, and to initiate the easement acquisition phase. Meeting invitations will be mailed to residents about two weeks in advance.

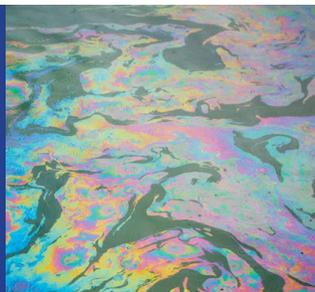

For more information, please visit our website: stormwater.charmeck.org. Click on the **Storm Water Projects** drop down menu in the green bar, then **Active Projects** and **Hampton Avenue**.

If you have any questions, please contact Project Manager Danée McGee at 704-336-4102 or dmcgee@charlottenc.gov.
