

# Hill Street

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

July 2012

Dear Resident,

Charlotte-Mecklenburg Storm Water Services has hired a consultant, Dewberry and Davis, Inc., to investigate possible improvements to the storm drainage system in the Hill Street project area. The project is bordered by Morehead Street and North Carolina Railroad to the east, First and Cedar Streets to the north, Tryon and Palmer Streets to the south, Clarkson Street and Irwin Creek to the west.

Representatives from the Project Team may need to enter your property to collect survey data on the existing storm drainage system. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed.

The survey work is scheduled to begin during the next couple of weeks and will take several months to complete.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Hill Street**.

If you have any questions, please contact Project Manager Danée McGee at [dmcgee@charlottenc.gov](mailto:dmcgee@charlottenc.gov) or 704-336-4102.
