

August 2015

**Project Status:**

Charlotte-Mecklenburg Storm Water Services and Armstrong Glen continue to work on the design phase. City stakeholders are reviewing the preliminary construction drawings.

**Next Steps:**

Real estate representatives will work with property owners to acquire easements necessary for construction as part of the real estate phase.

## Hinsdale/Tinkerbell Storm Drainage Improvement Project

Hinsdale/Tinkerbell Storm Drainage Improvement Project

Engineering & Property Management  
Storm Water Services Division  
600 East Fourth Street  
Charlotte, North Carolina 28202

**Investing in Infrastructure**

The City replaces pipes, storm drains and other structures when they deteriorate or become too small to handle increases in stormwater. Investing in infrastructure protects public safety, guards private property, improves water quality and enhances quality of life.

The Hinsdale/Tinkerbell Storm Drainage Improvement Project goals are to reduce flooding of streets and structures throughout the neighborhood.
