

Hinsdale/Tinkerbell

storm drainage improvement project

your storm water fees at work

December 16, 2013

Dear Resident:

Charlotte-Mecklenburg Storm Water Services held a second public meeting for the Hinsdale/Tinkerbell Storm Drainage Improvement Project on December 5 at the Church at Charlotte. The project goals are to update existing infrastructure, reduce flooding in structures and streets, increase channel stability and reduce erosion.

Meeting highlights:

- Project Manager Greg Cole introduced the project team and gave a presentation on the project history, process and how the project will proceed.
 - This project is in the planning phase. The phases of the project were explained (Planning, Design, Real Estate, Bid and Construction).
- The engineering consultant for this project is Armstrong Glen, PC (AG).
 - AG explained the proposed stormwater improvements.
 - A question/answer session was held.

For more information about this project or a detailed meeting summary and exhibits, visit our website: <http://stormwater.charmeck.org>. Click on the **Storm Water Projects** drop down menu in the green bar, then **Active Projects** and **Hinsdale/Tinkerbell**.

If you have any questions about this project, please contact the Project Manager, Greg Cole at 704-336-4824 or email gcole@charlottenc.gov.
