storm drainage improvement project

your storm water fees at work

Dear Resident:

Charlotte-Mecklenburg Storm Water Services held its first public meeting on Tuesday, May 6, at Beatties Ford Road Regional Library. The purpose of the meeting was to discuss the results of the existing conditions analysis.

#### Meeting highlights:

- Project Manager Steven McCraney welcomed the attendees, introduced the project team and gave a project summary.
- McCraney explained that there were 56 total requests reported to 311 including issues such as inadequate and deteriorating infrastructure, road flooding, structural flooding, old culverts, sink holes, and erosion/blockages in streams.
- Russell Parker from Armstrong Glen, presented the work performed to assess the drainage systems and summarized the findings of the study by highlighting problems found in the project area.

- McCraney described the project phases and duration:
  - ◆ Planning (12 to 27 months)
  - ◆ Design (21 to 34 months)
  - ◆ Permitting (9 months)
  - ◆ Easement Acquisition ( 12 months)
  - ◆ Bid and Award ( 5 to 6 months)
  - ◆ Construction (1 to 2 years)
- A question/answer session was held.
