

# Louise Avenue

storm drainage improvement project

your storm water fees at work

August 2014

Dear Resident:

Charlotte Mecklenburg Storm Water Services is expecting the bid phase to restart this fall. The consultant has resubmitted the construction documents for final review. During bid phase, competitive bids are taken from responsible contractors to perform the work. After City Council approval, the City awards the construction contract to the lowest responsible bidder. Bid phase typically takes six months and construction for this project is estimated to take two years. Construction will start at the downstream end of the project at Hawthorne Lane and CSXT Railroad.

For more information about this project, please visit our website at [stormwater.charmeck.org](http://stormwater.charmeck.org) and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Louise**.

If you have any questions, please contact Project Manager Danée McGee at [dmcgee@charlottenc.gov](mailto:dmcgee@charlottenc.gov) or 704-336-4102.

## HURRICANE SEASON

JUNE 1 - NOVEMBER 30, 2014

STORMY  
WEATHER  
AHEAD

### 2014 forecast:

- 11 named tropical storms
- 3 hurricanes

75% of Charlotte's flooding happens during the months of hurricane season. Whether it's heavy rain from a named storm or an unexpected cloudburst, Charlotte's flood chances increase dramatically in the summer.

Get flood safety information at [StormWater.CharMeck.org](http://StormWater.CharMeck.org)
