

# Louise Avenue

storm drainage improvement project

your storm water fees at work

December 2011

Dear Resident:

Charlotte-Mecklenburg Storm Water Services has started the bid phase for the Louise Avenue Storm Drainage Improvement Project. Agreements with the utility companies have been completed.

The relocation of utilities will begin within the next few months. Please note the schedule for construction has changed slightly. Staff will be advising property owners of the new schedule within the next few months.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Louise**.

If you have any questions, please contact Project Manager Danée McGee at [dmcgee@charlottenc.gov](mailto:dmcgee@charlottenc.gov) or 704-336-4102.

## Within the last year, Storm Water fees...

Funded 57 Capital Improvement Projects and protected the water quality of more than 3,000 miles of streams and shoreline.

Fees included funding of the Upper Stoney Creek Stream Restoration near Mallard Creek Church Road. In addition to reconstructing open channel areas, boulders and logs were added to reduce bank erosion during large storm events.

The Upper Stoney Creek stream restoration project will improve water quality, enhance forested riparian areas and protect aquatic habitat.

Learn more about Storm Water projects by visiting <http://stormwater.charmeck.org> and clicking on Storm Water Projects.
