

Louise Avenue storm drainage improvement project

your storm water fees at work

January 2010

Background/History of the Project:

Charlotte-Mecklenburg Storm Water Services, along with consulting engineers United Infrastructure of the Carolinas (USI), continues to work towards the completion of the construction design plans. This project has entered the final design stage and the project team is working toward solutions to address citizen requests for service, additional storm water run-off due to redevelopment and system age. There will be a public meeting this spring to discuss property easements to accommodate the proposed design solutions.

Progress Report:

Storm Water Services is currently on schedule as it proceeds with the Design Phase of the project.

Next Steps:

- Complete the design plans
- Finalize easement documents
- Obtain construction permits from federal, state and local agencies
- Begin construction

As a property owner, if you would like to provide input regarding the project, please feel free to fill out a survey form on the project webpage. Your input is appreciated.

For more information about this project and schedule, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects, Storm Water Projects** again, then **Louise**.

If you have any questions, please contact the Project Manager, Danée McGee at dmcgee@charlottenc.gov or 704-336-4102.
