

Lyon Court

storm drainage improvement project

your storm water fees at work

May 2010

Dear Resident:

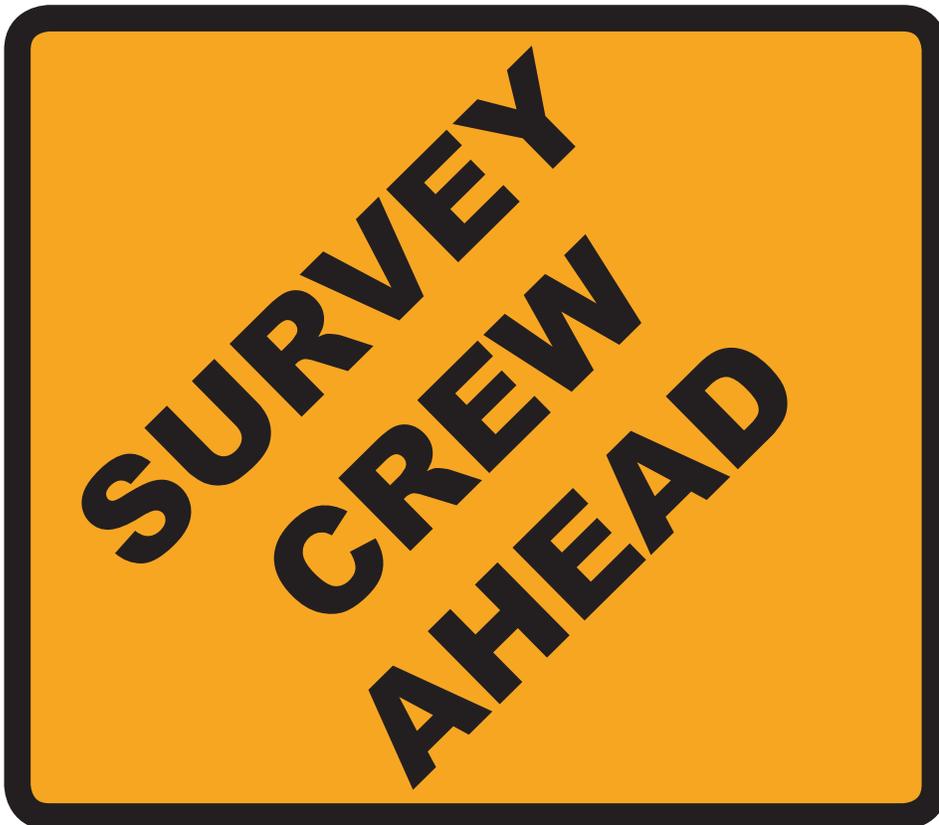

Charlotte-Mecklenburg Storm Water Services has hired a consultant, USInfrastructure Inc., to study and investigate possible improvements to the storm drainage system in the Lyon Court project area. The project boundaries are roughly The Plaza to the west, Belvedere Avenue to the north, Truman Road and Morningside Drive to the east, and McClintock Road to the south.

This notifies you representatives from USInfrastructure or their surveyor R. Joe Harris & Associates may need to enter your property to collect survey data on the existing storm drainage system. While State law authorizes access to private property for this purpose, no buildings

or structures will be entered or disturbed. The survey work is scheduled to begin over the next couple of weeks and will take several months to complete.

For more information, please visit our website at: <http://stormwater.charmeck.org> (Click on **Storm Water Projects, Storm Water Projects** again and then **Lyon Court**).

If you have any questions about this project, please contact Project Manager Kate Labadorf at 704-336-3653 or email klabadorf@charlottenc.gov.
