

Meadowridge

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident,

Charlotte-Mecklenburg Storm Water Services, along with consulting engineers, WK Dickson & Co., Inc., have begun the real estate phase of the Meadowridge Storm Drainage Improvement Project. During this phase, real estate consulting agents from THC, Inc., will be contacting property owners if easements are needed to construct the proposed improvements. The easement acquisition phase typically lasts 8 to 12 months.

property to make the recommended improvements and provide future maintenance. Your continued support and cooperation is greatly appreciated.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** dropdown menu in the green bar, then **Active Projects** and **Meadowridge**.

Project managers work very hard to keep project costs down, including easement costs. The City requests that easements be donated to provide access to your

If you have any questions, please contact Project Manger Adrian Cardenas at 704-336-4682 or acardenas@charlottenc.gov.

December 2013

Shade Your Stream

Property along creeks and lakes should be planted with native trees and shrubs.

ROOTS

Roots anchor the soil, reduce flood damage and take up excess fertilizers.

COOL TEMPERATURES

Shade keeps the water cool, allowing fish and aquatic life to thrive.

WILDLIFE HABITAT

Shaded streams provide valuable habitat for wildlife.

For more information about stream buffers, visit <http://stormwater.charmeck.org>
