

Parkwood Phase 2

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Charlotte-Mecklenburg Storm Water Services has hired engineering consultant W. K. Dickson to study possible storm drainage improvements in the Parkwood Phase 2 project area. The project area is bordered to the northwest by N. Graham Street, to the southwest by I-277/Brookshire Freeway, to the southeast by the railroad tracks and to the northeast by Sylvania Avenue.

Representatives from Project Team may need to enter your property to collect survey data on the existing storm drainage system. While State law authorizes

access to private property for this purpose, no buildings or structures will be entered or disturbed.

For more information, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** dropdown menu in the green bar, then Active Projects and **Parkwood Phase 2**.

If you have any questions about this project, please contact Project Manager Brant Smiley at 704-432-2147 or bsmiley@charlottenc.gov.
