

# Parkwood Phase 2

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and engineering consultant, W. K. Dickson, continue with the planning phase of the Parkwood Phase 2 Storm Drainage Improvement Project. The project boundaries are N. Graham Street to the northwest, I-277/Brookshire Freeway to the southwest, railroad tracks to the southeast and Sylvania Avenue to the northeast.

W.K. Dickson is starting to develop several improvement alternatives to improve the drainage system in the project area.

For more information, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** dropdown menu in the green bar, then Active Projects and **Parkwood Phase 2**.

If you have any questions about this project, please contact Project Manager Brant Smiley at 704-432-2147 or [bsmiley@charlottenc.gov](mailto:bsmiley@charlottenc.gov).

November 2013

## Shade Your Stream

Property along creeks and lakes should be planted with native trees and shrubs.

**ROOTS**

Roots anchor the soil, reduce flood damage and take up excess fertilizers.

**COOL TEMPERATURES**

Shade keeps the water cool, allowing fish and aquatic life to thrive.

**WILDLIFE HABITAT**

Shaded streams provide valuable habitat for wildlife.

For more information about stream buffers, visit <http://stormwater.charmeck.org>
