

Parkwood

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

October 2010

Dear Resident,

Charlotte-Mecklenburg Storm Water Services has hired engineering consultant RS&H to investigate possible improvements to the storm drainage system in the Parkwood area. The project boundaries are roughly N. Graham Street to the west, I-277/Brookshire Freeway to the south, Little Sugar Creek (or N. Myers Street) to the east and E. 18th Street and Sylvania Avenue to the north.

Representatives from RS&H or their surveyor ESP Associates, P.A., may need to enter your property to collect survey data on the existing

storm drainage system. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed. The survey work is scheduled to begin in the next couple of weeks and will take several months to complete.

If you have any questions, please contact Project Manager David Perry at dperry@charlottenc.gov or 704-336-4202.
