

Peterson Drive

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

April 2013

Dear Resident,

The real estate phase continues for the Peterson Drive Storm Drainage Improvement Project. Gulf Coast Property agents will be contacting property owners if easements are needed to construct the proposed improvements. The City asks for easements to be donated in exchange for the improvements.

The goals of this project are to reduce flooding of streets and structures, as well as reduce erosion along the stream and channel (thru stabilization) where needed.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Peterson**.

Please note this project has transferred to Project Manager Brant Smiley. If you have any questions about this project, please contact him at 704-432-2147 or bsmiley@charlottenc.gov.

Be a Water Watcher:
Call 311 to report misuse of storm drains or unusual creek conditions.

Join us on Facebook at www.facebook.com/waterwatchers.

CHARLOTTE

Engineering & Property Management
Storm Water Services Division
600 East Fourth Street
Charlotte, North Carolina 28202

**Let's work together to protect
Charlotte's valuable water sources.**

 **waterwatchers**

are Charlotte-Mecklenburg residents **just like you** who report instances of...

- Unusual creek conditions: *odd smells, color changes, dead fish or foam*
- Improper dumping of substances into storm drains: *grease, trash, paint or other pollution*
- Poorly stored chemicals, sewage overflows, erosion from construction sites or broken pipes

Keep our area waterways clean by calling 311 or
visiting stormwater.charmeck.org to report conditions.
