

Robinhood/Dooley

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

July 2010

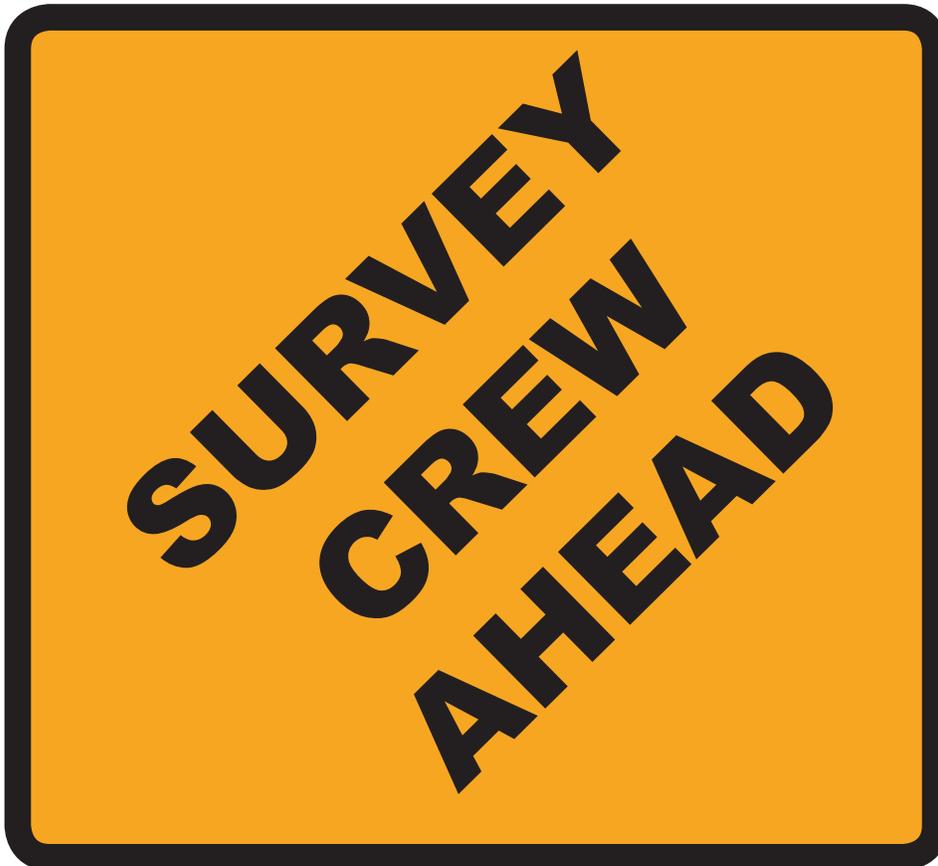

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and consulting engineer, Kimley-Horn and Associates Inc., are moving into the design phase and developing the construction drawings for the Robinhood/Dooley Storm Drainage Improvement Project.

Additional survey data is needed on the existing storm drainage system. This notifies you representatives from Kimley-Horn or their surveyor R.B. Pharr & Associates, P.A., may need to enter your property to collect the additional survey data. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed. The survey work is scheduled to begin in August.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects, Storm Water Projects** again, then **Robinhood/Dooley**.

If you have any questions about this project, please contact Project Manager Monica Kruckow at mkruckow@charlottenc.gov or 704-336-4722.
