# ROBINHOOD/DOOLEY

STORM DRAINAGE IMPROVEMENT PROJECT

View of recent stream restoration work completed near Robinhood Circle.

The contractor is addressing outstanding construction items. Some areas where pipe was installed along Eastbourne Road have shown cracking or settling of pavement; the City continues to work with the contractor to determine how best to repair this issue. Once the resolution is determined we will notify you when the repair work will begin. Thank you for your patience and understanding.

For more information about this project, please visit our website to view project updates: [stormwater.charmeck.org](http://stormwater.charmeck.org).

Due to staff relocating, we have several new team members working to finalize the project. If you have any questions, please contact one of the following project team members:

**On-site Construction Inspector:**

Adam Clapp: 704-634-5062
