

Robinhood/Dooley

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

March 31, 2010

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and consulting engineer, Kimley-Horn and Associates Inc., are finalizing the planning phase of the Robinhood/Dooley Storm Drainage Improvement Project. During this phase of the project, the neighborhood's storm drainage system has been analyzed to determine where there are storm water issues. Several improvement options are being evaluated to determine the best solution. We plan to present the proposed improvements in a public meeting within the next few months. You will be notified several weeks in advance of the meeting's date.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects, Storm Water Projects** again, then **Robinhood/Dooley**.

If you have any questions about this project, please contact Project Manager Monica Kruckow at mkruckow@charlottenc.gov or 704-336-4722.
