Subject: Sunnyvale/Chandworth Storm Drainage Improvement Project

Dear Resident:

Charlotte Mecklenburg Storm Water Services would like to give you another opportunity to provide your input on the Sunnyvale/Chandworth Storm Drainage Improvement Project. Your responses will be used by our engineering consultant, Dewberry and Davis, to understand the existing problems with the storm drainage system in your area. If you have previously completed a questionnaire, there is no need to complete another one. Please take a few minutes to check the appropriate box next to each question and write comments where needed, then drop this survey in the nearest mailbox by March 30, 2011. Postage is paid for your convenience.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, *then Active Projects* and **Sunnyvale/Chandworth**.

If you have any other questions or concerns related to the project, please contact Jackie Bray at 704-336-6770 or email at [jbray@charlottenc.gov](mailto:jbray@charlottenc.gov).

Thank you for your input and cooperation.

Sincerely,

A handwritten signature in black ink that reads "Jackie Bray".

Jackie Bray  
Project Manager  
Charlotte-Mecklenburg Storm Water Services
