

Wiseman

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

April 2010

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and its consultant engineer, W. K. Dickson, are now in the planning phase of the Wiseman Storm Drainage Improvement Project. The project goal is to improve storm drainage infrastructure, reducing street and structure flooding. During the planning phase, the neighborhood storm drainage system is analyzed to determine areas with storm water issues. Several improvement options are being evaluated to determine the best solution. Once we have completed this evaluation, we will share the proposed improvements in a neighborhood public meeting. You will be notified several weeks in advance of the meeting.

For more information about this project, please visit our website at <http://stormwater.charmeck.org> and click on *Storm Water Projects*, *Storm Water Projects* again, then *Wiseman*.

If you have any questions about this project, please contact the Project Manager, Monica Kruckow at 704-336-4722 or mkruckow@charlottenc.gov.
