

# Wiseman

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident,

Charlotte-Mecklenburg Storm Water Services and consulting engineers, W.K. Dickson, continue to work on the Wiseman Storm Drainage Improvement Project. Easement acquisition is complete and the final design plans are under review.

The bid phase has begun. During this phase, the final plans will be circulated to qualified contractors for a competitive bidding process. By state law, the lowest responsible bidder is awarded the construction contract. The bid phase typically lasts 6 months.

For more information about this project, please visit our website at <http://stormwater.charmeck.org>. Click on **Storm Water Projects** dropdown menu in the green bar, then **Active Projects** and **Wiseman**.

If you have any questions about this project, please contact Project Manager Jackie Bray at 704-336-6770 or [jbray@charlottenc.gov](mailto:jbray@charlottenc.gov).

January 2014

## Shade Your Stream

Property along creeks and lakes should be planted with native trees and shrubs.

### ROOTS

Roots anchor the soil, reduce flood damage and take up excess fertilizers.

### COOL TEMPERATURES

Shade keeps the water cool, allowing fish and aquatic life to thrive.

### WILDLIFE HABITAT

Shaded streams provide valuable habitat for wildlife.

For more information about stream buffers, visit <http://stormwater.charmeck.org>
