

June 1, 2016

After work was temporarily suspended due to private utility relocation delays, construction is again underway. Prior to the suspension, Hall Contracting had completed work in several areas of the project, including Arrow Lane and Valley Grove Road, stream improvements between Wiseman Drive and Arrow Lane, and the aerial sanitary sewer crossing behind Idlewild Road and Braewick Place.

Hall Contracting is currently working near the intersection of Braewick Place and Idlewild Road. In the coming months, construction will take place on Cross Winds Road and in the stream to Braewick Place, on New Hampshire Drive and at the intersection with Sunflower Road, on Morington Lane and on Mission Hills Road. During construction, detours and lane closures will be necessary.
