Wesley Heights Construction Public Meeting Canceled

Due to unforeseen circumstance Charlottes Water is forced to cancel tonight's meeting. We apologize for any inconvenience. Charlotte Water is committed to communicating the project information to you. Enclosed is a project fact sheet as well as project specific contacts. Please visit our website charlottewater.org and to view updates on the project

Charlotte Water hopes to reschedule an opportunity to discuss the project with impacted residents in the very near future.

Construction for improvements to the drinking water system on S. Summit Avenue begins in the next few weeks. Please join Charlotte Water staff for a public meeting to go over the construction plans and answer any questions.

Charlotte Water has invested more than \$2.1 million in pipe improvements in the Wesley Heights neighborhood. Efforts to improve rehabilitate and replace aging infrastructure are continuing with the replacement of the drinking water mains in the 500-700 blocks of S. Summit Avenue.

Construction is expected to last 90-100 days depending on weather and other unexpected delays. Please join us to go over the project details and learn about what to expect during construction.

Please visit the project website by going to charlottewater.org and clicking on 'Projects' to read a meeting summary. Project updates will also be posted here for the duration of the project.

Contact Jennifer Frost at jfrost@charlottenc.gov or 704-336-4793 with any questions about the meeting.
