7 - 9 p.m. | Workshop

## Mosaic Village

1635 W. Trade Street

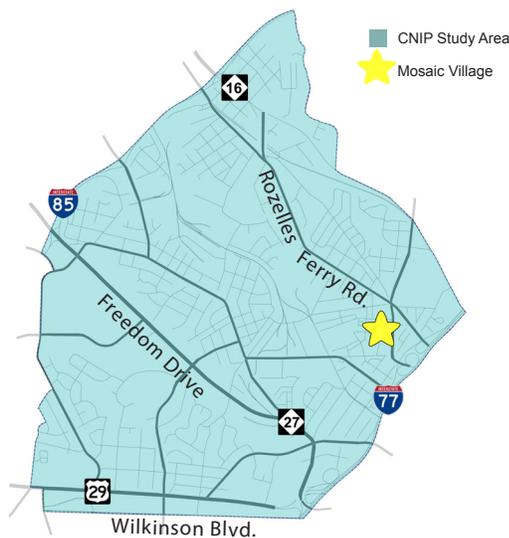

First Floor Community Room

### *Comprehensive Neighborhood Improvement Program (CNIP)*

Join us for a hands-on, interactive conversation to share your ideas about a range of topics important to reinvesting in the West Trade/Rozzelles Ferry Area. A brief presentation about what we've learned over the last six months will be followed by a series of small-group activities focused on five broad questions:

- How do we make W. Trade Street/Beatties Ford Road an important destination within Greater Charlotte?
- How do we make Freedom Drive an important destination within Greater Charlotte?
- How do we better connect neighborhoods with business corridors and key activity centers throughout the community?
- How do we reinvest in green space to create a stronger, more vibrant community?
- How do we maximize opportunities to link back to other assets (taking advantage of great geography and proximity to major destinations) within Greater Charlotte?

Your input at the workshop will help us identify, describe, and prioritize potential projects for funding under the City's Comprehensive Neighborhood Improvement Program. Maybe it's a new or improved street, park, greenway, or community space — you tell us. We're listening.
