Rezoning Petition Review

To: Keith MacVean, CMPC

From: Matthew Anderson / Doug Lozner / Jeff Hieronymus

Date of Review: December 17, 2007 (**Revised January 15, 2008**)

Rezoning Petition #: 08-33

Existing Zoning: R-4 & O-2

Proposed Zoning: MUDD(CD)

Location of Property: Approximately 2.08 acres located on the west side of Park Road between Heather Lane and Drexel Place

Downstream Complaints and analysis: Downstream complaints consist of flooding and blockage. This site drains to a stream listed as impaired by the NC Division of Water Quality.

Source Citation: A portion of the water quantity and quality comments reference information gained from the "Post-Construction Ordinance Stakeholders' Group Final Report". This report reflects consensus reached during the Council-approved process to include community input on the proposed ordinance language. Other comments, including the environmental permit, stream buffer and some detention requirements reflect existing regulations and ordinances.

Recommendations
Concerning Storm Water: **Remove Note 14 concerning Stormwater Detention and add the following note on the petition.**

The petitioner acknowledges that other standard development requirements imposed by other city ordinances, standards, policies, and appropriate design manuals will exist. Those criteria, (for example those that regulate streets, sidewalks, trees, storm water, post construction controls, and site development, etc.) will apply to the development site. Conditions set forth in this petition are supplemental requirements imposed on the development in addition to other standards. Where conditions on this plan differ from ordinances, standards, policies, and approaches in existence at the time of formal engineering plan review submission the stricter condition or existing requirements shall apply.
