

December cases:

Please make sure to note that we are developing language to recognize when cases are in an adopted transit corridor and have been reviewed for consistency with transit plans. If anyone has specific language that they would like CATS to include, please let Meghan know and she'll be happy to incorporate it into the CATS memo's.

2008-153

Route #11 bus stop #45485;

Please make sure that CDOT asks for sidewalk on University City Boulevard;

CATS staff would like a waiting pad/bench pad (60.02A). *We recognize that this is a NCDOT road, Budd is willing to apply for the permit later, once the bench installation is actually warranted.

2008-155

Route #41x. Existing bus stops are currently before and after petitioner's parcel;

CATS is moving stop #46171 (northernmost bus stop) onto petitioner's parcel;

CATS staff would like a shelter pad (60.03A) on S. Tryon Rd. CATS will work with the developer to locate the pad.

MEGHAN A. MAKOID
